Cross-Section

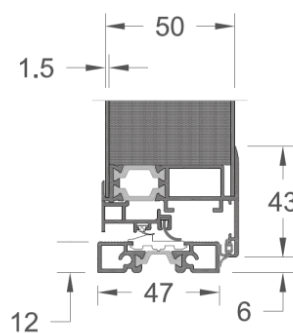

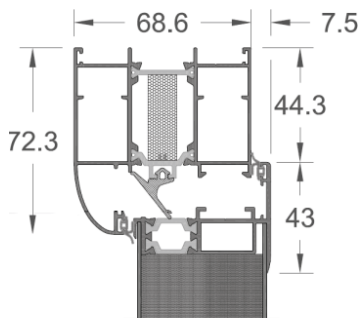

Curved Frame

External 1000mm Round Pullbar Handle

Internal Lever Handle

M100 Curved Frame

USP's:

- 24 door designs
- RAL, textured finishes
- Marine grade powder coated finishes as standard
- Up to 1000mm x 2150mm with 70mm frame depth
- Double glazed laminated glazing
- Slam Shut (GU) multipoint locking system

GU Automatic Slamshut Lock

Always locked, always secure - a slamshut lock offers full peace of mind. The moment your door is closed, the spring-loaded locking bolts shoot into place. The door can be opened internally by depressing the level handle or operating the thumbturn cylinder. From the outside, entrance is gained by use of a key.

PAS 24 Approved

In August 2022 The Mustang door successfully passed the UK PAS24 test with flying colours, proving to be one of the strongest doors ever tested.
